**STATEMENT ESTABLISHING UNINTENTIONAL DELAY
IN SUPPORT OF PETITION FOR REVIVAL OF AN APPLICATION FOR
PATENT ABANDONED UNINTENTIONALLY UNDER 37 C.F.R. 1.137(b)**

Dear Sir:

Applicant respectfully requests that the above-identified application be revived as a pending application, and hereby petitions that the abandonment set forth in the Notice of Abandonment mailed May 13, 2002 be withdrawn.

In support of the attached Petition for Revival, Applicant provides the following statements to establish an unintentional delay in filing this Petition:

A first action Notice of Allowance was apparently mailed by the USPTO on January 3, 2002. Applicant did not receive this Notice of Allowance. The undersigned confirms that a search of the file jacket and docket records indicates that the Office Action was not received. Applicant obtained a copy of the file history which reveals that the USPTO improperly addressed the Notice of Allowance to Markison & Reckamp, PC. A copy of the Notice of Allowance is attached as Exhibit A.

Applicant did not receive the Notice of Abandonment mailed on May 13, 2002. A review of the file history reveals that the USPTO again improperly addressed the Notice of Abandonment to Markison & Reckamp, PC. A copy of the Notice of Abandonment is attached as Exhibit B.

On May 23, 2002, Christopher J. Reckamp, Esq. wrote to Mr. Tom Hawkins of the USPTO to notify him that Markison & Reckamp, PC received the Notice of Abandonment in error and that Markison & Reckamp, PC was not prosecuting this application. A copy of the May 23, 2002 letter is attached as Exhibit C.

Upon receipt of the returned Notice of Abandonment, Mr. Hawkins should have checked the application file record to ensure that the Office action was mailed to the correct correspondence address. If the Office action was not mailed to the correct correspondence address, it should have been stamped "remailed" with the remailing date and mailed to the correct correspondence address. The period running against the application should have begun with the date of remailing.

There is no indication in the record that the USPTO made any effort to remail the Office Action to the correct mailing address, even upon notification that the correspondence address was incorrect.

In the past, it has not been uncommon for applications in this technological field not to receive a first action from the USPTO for 4-6 years. Listed below are eight (8) currently pending applications owned by the same assignee. Each of these cases has not yet been examined by the USPTO, and the USPTO predicts, emphasis added, that these applications will receive an Office within 4-7 years from the date of filing.

U.S. Patent Appln. Number	Filing Date	USPTO - First Action Prediction
10/231,616	August 30, 2002	6 years, 3 months
10/369,830	February 19, 2003	5 years, 9 months
10/386,987	March 12, 2003	5 years, 8 months
10/732,107	December 10, 2003	4 years, 11 months
10/918,922	August 16, 2004	4 years, 3 months
10/937,244	September 9, 2004	4 years, 3 months
10/956,926	October 1, 2004	4 years, 2 months
10/958,799	October 5, 2004	4 years, 2 months

Applicant filed a Letter of Status Inquiry on June 27, 2006. No response was received from the USPTO. A copy of this Letter of Status of Inquiry is attached as Exhibit D.

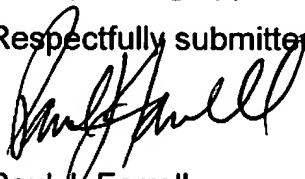

Prior to the filing a second Letter of Status Inquiry, Applicant's representative conducted a search of Private PAIR to determine the present status of this case. The search results indicated "there was no data available for this application". Accordingly, Applicant filed a second Letter of Status Inquiry on August 30, 2007. No response was received from the USPTO. A copy of this Letter of Status of Inquiry is attached as Exhibit E.

During June of 2008, while checking the status of numerous commonly owned applications, Applicant's representative again conducted a search of Private PAIR. This time, information was available pertaining to this case. The case was listed as abandoned for failure to pay the Issue Fee.

As the record makes clear, the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition was unintentional.

Since Applicant did not receive the Notice of Allowance or the Notice of Abandonment, and the USPTO records confirm that Applicant did not receive the Notice of Allowance or the Notice of Abandonment, it is believed that the Notice of Abandonment was improperly issued and should be withdrawn. It is respectfully requested that the application be revived as a pending application.

Respectfully submitted,

Paul J. Farrell

DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

2. Claims 1, 2 and 4 are allowed.
3. The following is an examiner's statement of reasons for allowance: the claim subject matter in claim 1 is allowable because the arts of record fail to teach a circuit in said radio mobile terminal comprising a power control signal generator for generating a power control signal to supply power to said radio mobile terminal, a signal output terminal connected to said power control signal generator, for generating a driving signal to enable said power control signal generator, and a signal input terminal connected to a power key of said radio mobile terminal, for receiving a power-on signal; and a circuit in said hands-free kit comprising a power-on signal generator connected between said power key and said signal input terminal, for generating said power-on signal, a signal detector connected between said signal output terminal and said power control signal generator, for detecting said driving signal generated by said signal output terminal, and a controller for controlling said power-on signal generator to generate said power-on signal depending on whether said driving signal generated by said signal output terminal is detected through said signal detector.

4. Claims 2 and 4 are allowable for the same reason.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
